

# *Thank You!*

Living and working for Jesus on a foreign field is not always easy, especially when totally dependent on being remembered and supported by people in America with whom you have minimal ongoing contact. The items in this year's Missions Catalog represent some of the hopes, dreams, and needs of our friends and family who daily reach out to a lost and hurting world. Consider giving a financial gift of any amount both in this season and throughout the next year to help reach these goals. 100% of everything you designate will go directly to meet that particular need. Thank you for each and every dollar ... May God bless you with both earthly and heavenly rewards.
